

Dear _____,

Congratulations on getting your wonderful daughter married! Thank you so much for everything you did to make sure _____ and _____ had the perfect wedding day. Without your support and love, the wedding day would not have gone so well.

We were so amazed by how smoothly everything went. We wish the bride and groom great happiness together. May their future be filled with everlasting love and joy.

Once again, heartfelt thanks for making this wedding a fantastic experience for everyone present. Now that we are a family, we are excited to see you soon and share many such moments of happiness together.

Lots of love!
