Dear _____ (Name of the Recipient),

Thank you so much for your care, expertise, love, and time, and care on behalf of my sweet Cherry. I do not know where we would have been for all these years without your expert understanding, care, and kindness. We had a tough time through the difficulties of canine cancer. Irrespective of how tough it got, I knew we could always approach you for advice, answers, and support. Our cute little doggie was always so glad to meet you, even when she was not feeling well.

I am aware that you also feel her absence just as much as we do. I am so sorry she had to say goodbye to her favorite vet. We are grateful for your timely support and care. We are also thankful to continue seeing you when we bring in her puppies. Thanks for everything you do.

With appreciation and gratitude,

------(Sender Name)
