

MAIL to SELF

Dear sweetie,

It's the first time in more than a decade that I'm writing a letter to you. This isn't just any romantic letter. I am writing this especially to thank you for everything that you have done for me till date.

Starting from the morning coffee till the time we go to bed, you never miss a thing to make me comfortable.

Birthdays and anniversaries come and go and there have been times when I'm unable to buy you gifts but you never complain. We have been through so much in the last few years but your smile has never faded. You don't know how much strength and courage that gives me. I get a fresh dose of energy looking at your enthusiasm and seeing how positive you are about everything.

Thank you for being the best wife in the world. I am the luckiest husband!

I love you so much

Endlessly in love with you,

Yours (Name)
